O-LINE STANDARD

Zwei verschiedene Formen von hochwertigen Kunststoffabdeckungen stehen zur Verfügung: plan und halbrund

O-LINE STANDARD

Two different shapes of high quality plastic covers are available: flat and round

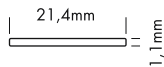

Jede der zwei Formen ist in glasklar, frost (halbklar) und milchig frost (opal) erhältlich.

Each of the two shapes are available in crystal clear, frost (semitransparent) and milky frost (opal).

Die Abdeckungen überlappen das O-Line Aluminiumprofil auf der Außenseite. Dadurch kann weniger Schmutz und Wasser in den Innenraum des Profils eindringen. In Verbindung mit IP68 oder IP67 FLEX STRIP somit ideal für den Außeneinsatz geeignet.

The covers are overlapping the O-Line aluminum profile at the outside. Thus less dirt and water can enter the profile. Combined with IP68 or IP67 FLEX STRIP they are ideal for outdoor use.
