- Minimalistic and industrial design • Adjustable lamp shade for a centered or diffused light
- Cool contrast between matte shade and shiny steel detail

Danish design duo Bjørn + Balle has created Norbi. A minimalist pendant with an industrial touch. The matte shade is contrasted by a brushed steel detail that enables the shade to move up and down. Moving the shade up creates a diffused light that spreads into the room, and moving it further down centres the light downwards - creating the perfect lighting for different situations.
